OBITUARY.

Palmyra ward has lost a sterling citizen in the person of John S. Thomas, who suddenly dropped dead going to a neighbor's house to sit up with a sick person. Mr. Thomas' death occurred between 8 and 9 o'clock on the night of October 13th. He was born May 8th, 1854, in Carmarshire, South Wales, and came to Utah with his parents in 1861. In the winter of 1894 he was taken down with a severe attack of fever, which finally settled in one of his legs making him lame for life.

In June, 1882, he was married to Miss Rhoda Snell, daughter of Mr. and Mrs. John Snell of this city, by whom he had four sons and one daughter. Mrs. Rhoda Thomas died a number of years ago leaving the five children, all of whom are still living. On the 10th of February, 1903, he married Mrs. A. M. Nelson, by whom he has one child.

Mr. Thomas was not a member of the dominant church, having been excommunicated for a trivial offence more than twenty years ago. In the late 80's when a branch of the Liberal party was organized here he was chosen president, a position which he filled with credit and honor until the people divided on party lines, when he joined the Republican party, where he remained till his death. Mr. Thomas was a man of sterling character; a man who believed in giving his first allegiance to his adopted country and her laws. To him the stars and stripes were the emblem of greatness and power always viewed with reverence. He was a man that was always industrious and peaceable; his home was a model of neatness and care. He was well-to-do, having accumulated a competency by his industry and push.

His funeral was largely attended by the best people of the neighborhood.

Hon. Henry Gardner was the principal speaker, followed by Hon. Marinus Larsen and Geo. A. Hicks, all of whom uligized the dead in the strongest terms. He will live long in the hearts of those who knew him. His funeral procession was one of the largest ever seen in Spanish Fork. He was a loving husband, kind and indulgent father, and worthy the esteem and confidence of all who knew him.

Rest in peace. G. A. H.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of pain balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by City Drug Store.

MONEY ENOUGH FOR STRAWBERRY PROJECT

This morning's Herald has the following:

Washington, Oct. 18.—It became known today that the secretary of the interior recently revoked his approval of the Strawberry Valley Irrigation Project in Utah a few weeks ago, when he found that he had been allotting more money for irrigation work than was contained in the reclamation fund, but it further develops that the secretary will again approve this project and it will be constructed just as soon as plans are completed and certified by Secretary Hitchcock. The reclamation fund embraces about \$28,000,000, but projects aggregating over \$31,000,000 have been approved, Strawberry Valley being among the latest to receive the secretary's sanction.

The secretary deemed it inexpedient to allot more money than is actually available for work, but on going over the lists he finds several allotments that will have to be cancelled because of abandonment of the projects. There are enough rejected projects to more than make up the difference between the actual fund and allotment, and on this basis there will be sufficient money available for the Strawberry Valley Project. It is probably a matter of only a few days before reapproval of this work is announced, it having already been agreed upon.
